ABOUT US

COUPLE WORDS ABOUT US:

About OK Erectors in 1984, Our company began working in the steel erection and fabrication business. We then started and opened the doors to OK erectors.

Today, OK erectors, is a service provider specializing in all types of heavy erection and fabrication work. Our services include working with structural steel, power plants, chimney repairing and painting, cooling tower repairing, cyclo repairing, Ship scrapping, Crane hire on rent from 14 Ton to 400 Ton and much more with many years of experience. We expert in to do manual heavy erection work and GRC erection.

We are committed to take work responsibility till the customer satisfaction.

VISION:

To provide quality and certified all types of risky and critical erection services in various industries, private sectors as well as public sectors, executed efficiently and in a timely manner, that exceeds the expectations of our esteemed customers

MISSION:

To build long term relationships with our customers and clients and provide exceptional customer services by pursuing business through advanced tools, technology and certification to become more efficient and innovative.

QUALITY & SAFETY Policy:

Quality:

Our commitment to quality in all work performed by Ok Erectors ensures that our projects meet or exceed the required standards. We achieve our quality goals by proactively identifying potential risks and developing systems to address liability concerns effectively and efficiently. Ok Erectors also continually strive to improve our quality management system and to effectively implement quality enhancements.

Safety:

Ok Erectors is committed to protecting the safety and health of our workforce as well as of the general public. We foster a strategy that prevents injury and property damage through clearly articulated programs that promote safety during all phases of construction and erection. We define safety procedures and develop educational programs that set company-wide standards to maintain the safety and health of our employees.
